

VentiTech PRESENTS

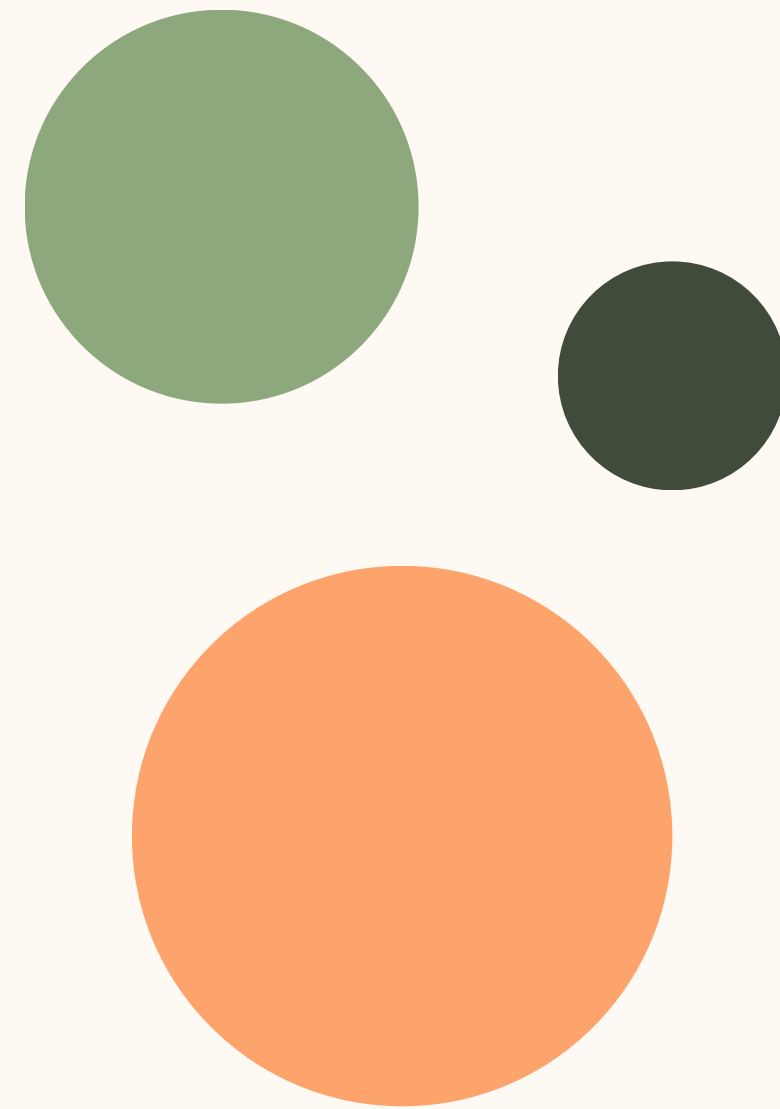

PAW CARE

BY: 2210922, 221122, 221269

AIMEN AHMAD, ABEER NOOR, IQRA ZULFIQAR

SCOPE

This project aims to assist individuals who find injured or lost animals by providing quick access to nearby animal care centers, vets, and first aid information. It addresses a gap in densely populated areas where animal accidents are common, as no similar tool currently exists despite prior attempts like a planned app in Pakistan in 2020 that was never released.

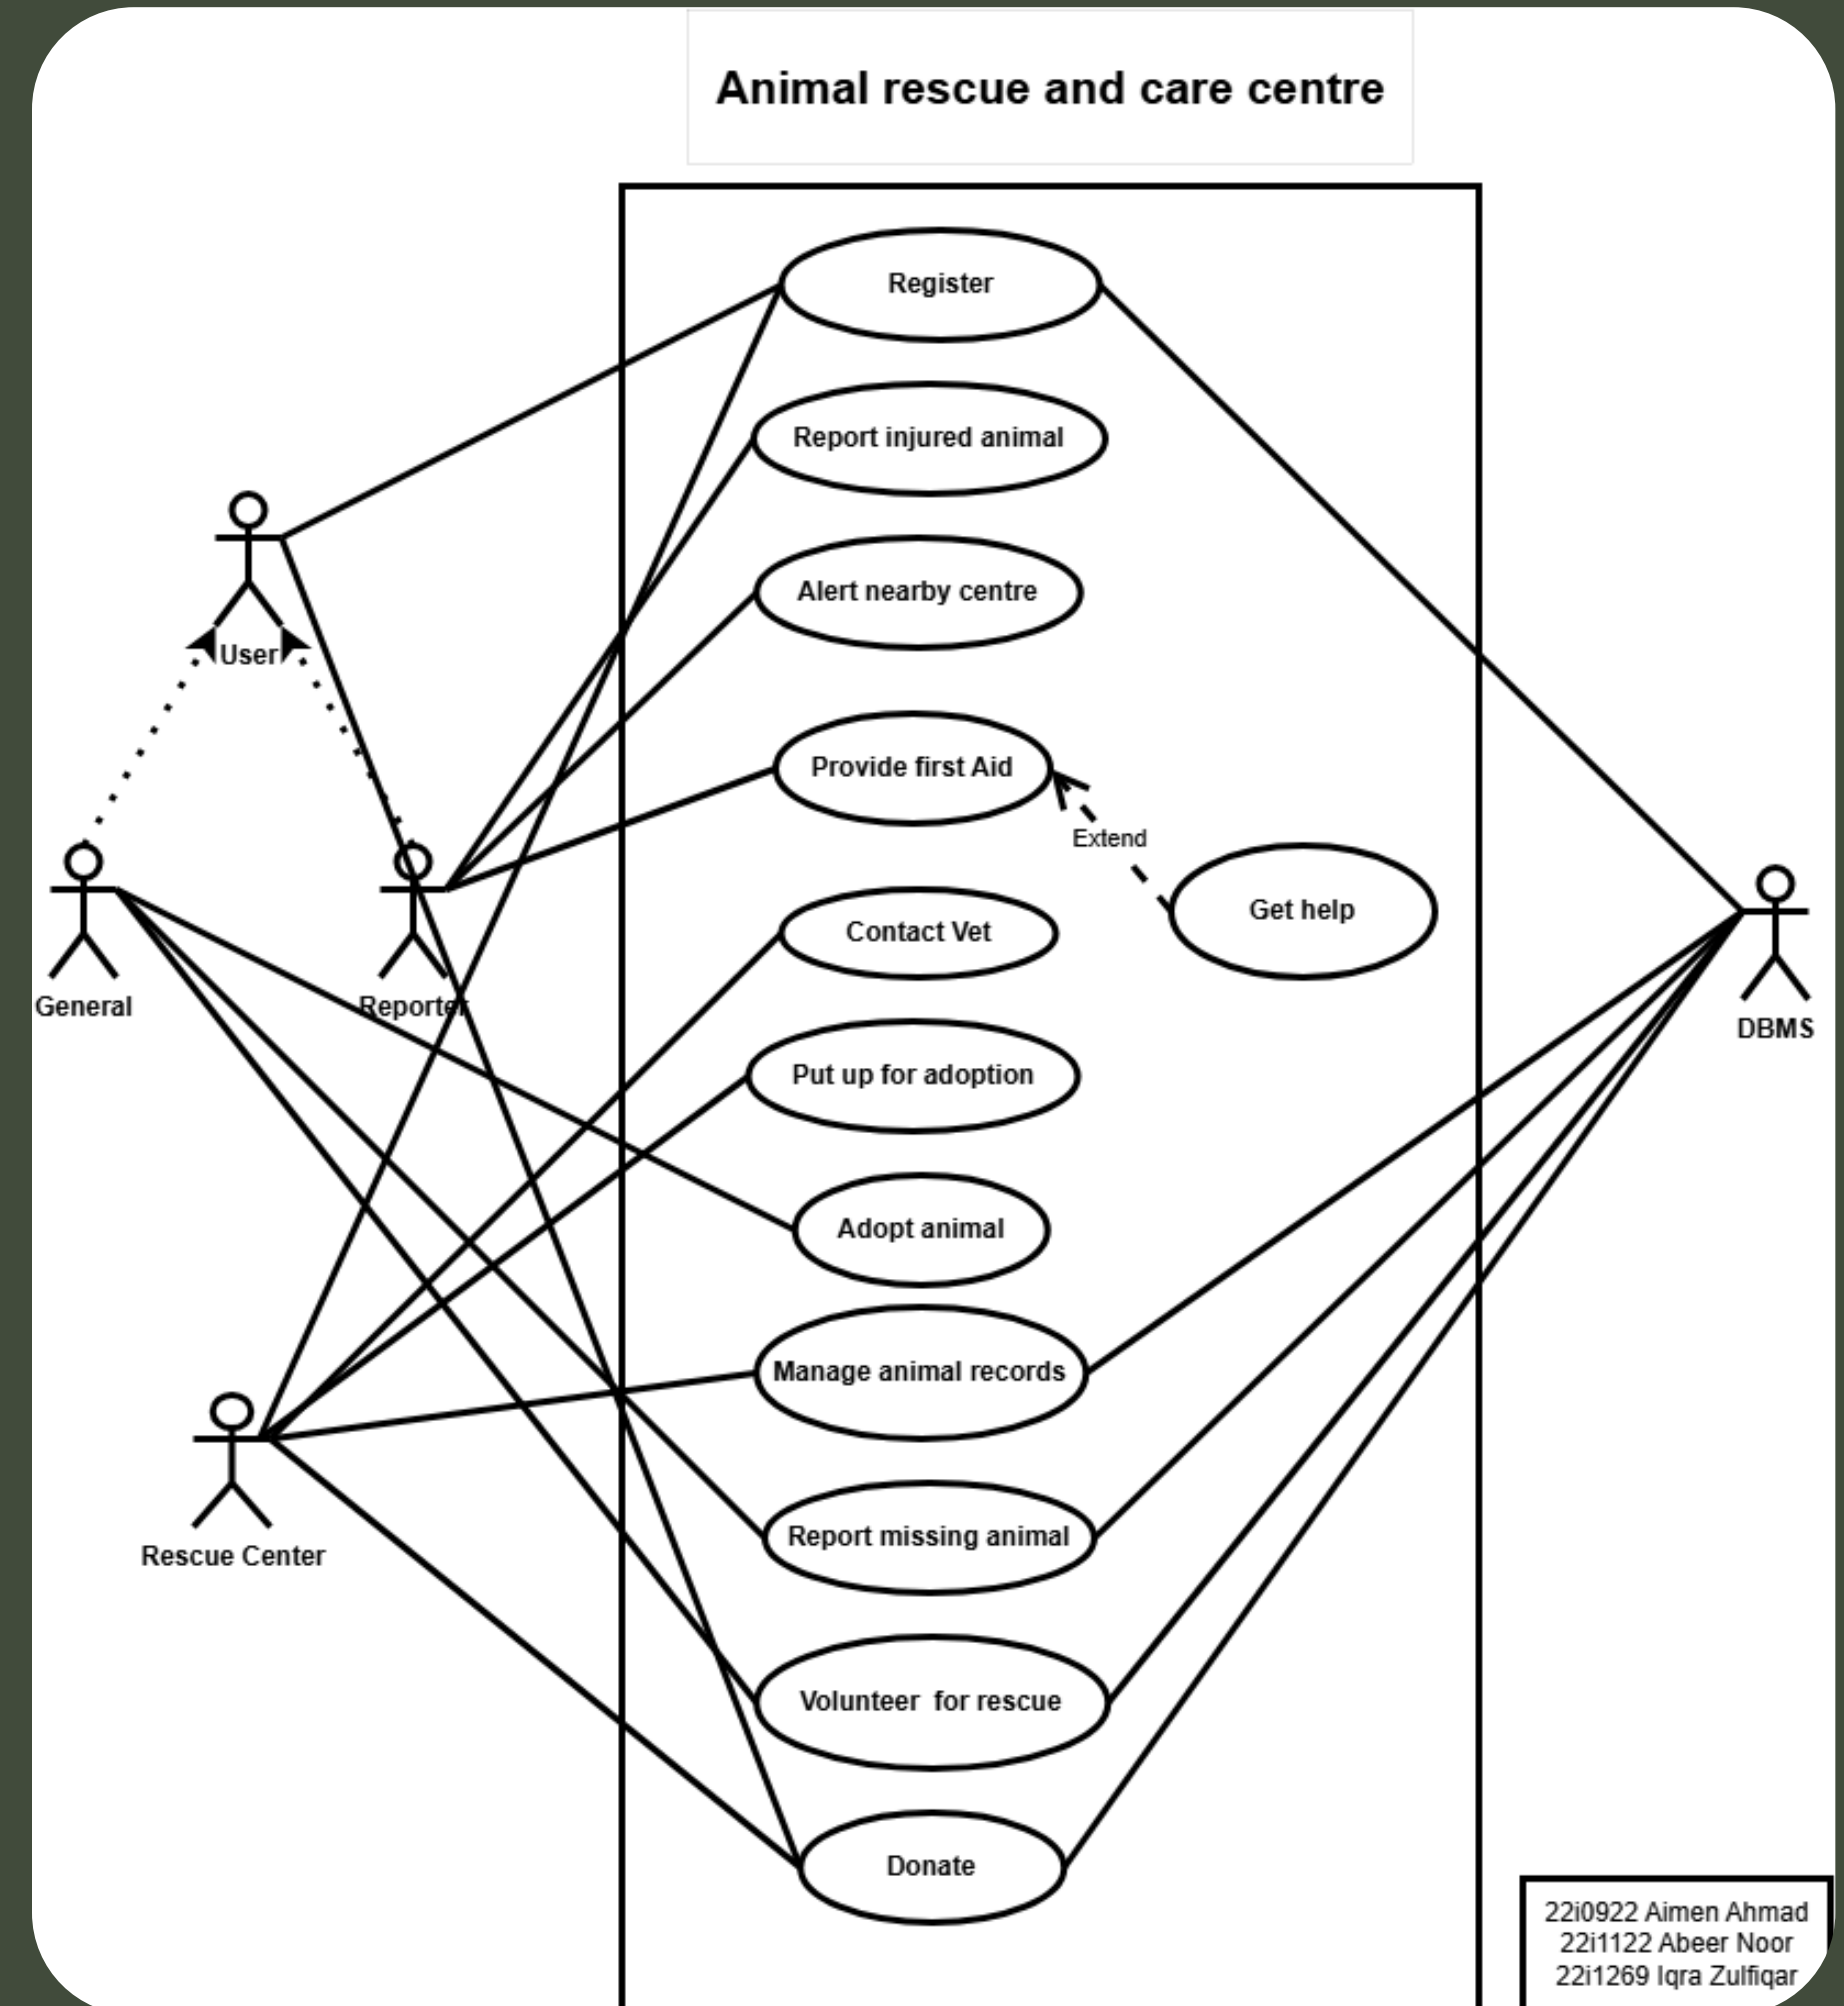

FUNCTIONAL REQUIRMENTS

1. Users can report missing animals
2. Locates nearby rescue centers and users can send them alerts
3. Provides first aid guidance to users
4. Users can find their missing animals
5. Users can adopt recovered animals
6. Users can make donations to rescue centers
7. Users can register as volunteers for the system
8. Rescue center handles all the requests from users
9. Rescue centers can contact registered vets
10. Vets can generate injury reports for rescue centers

NON-FUNCTIONAL REQUIRMENTS

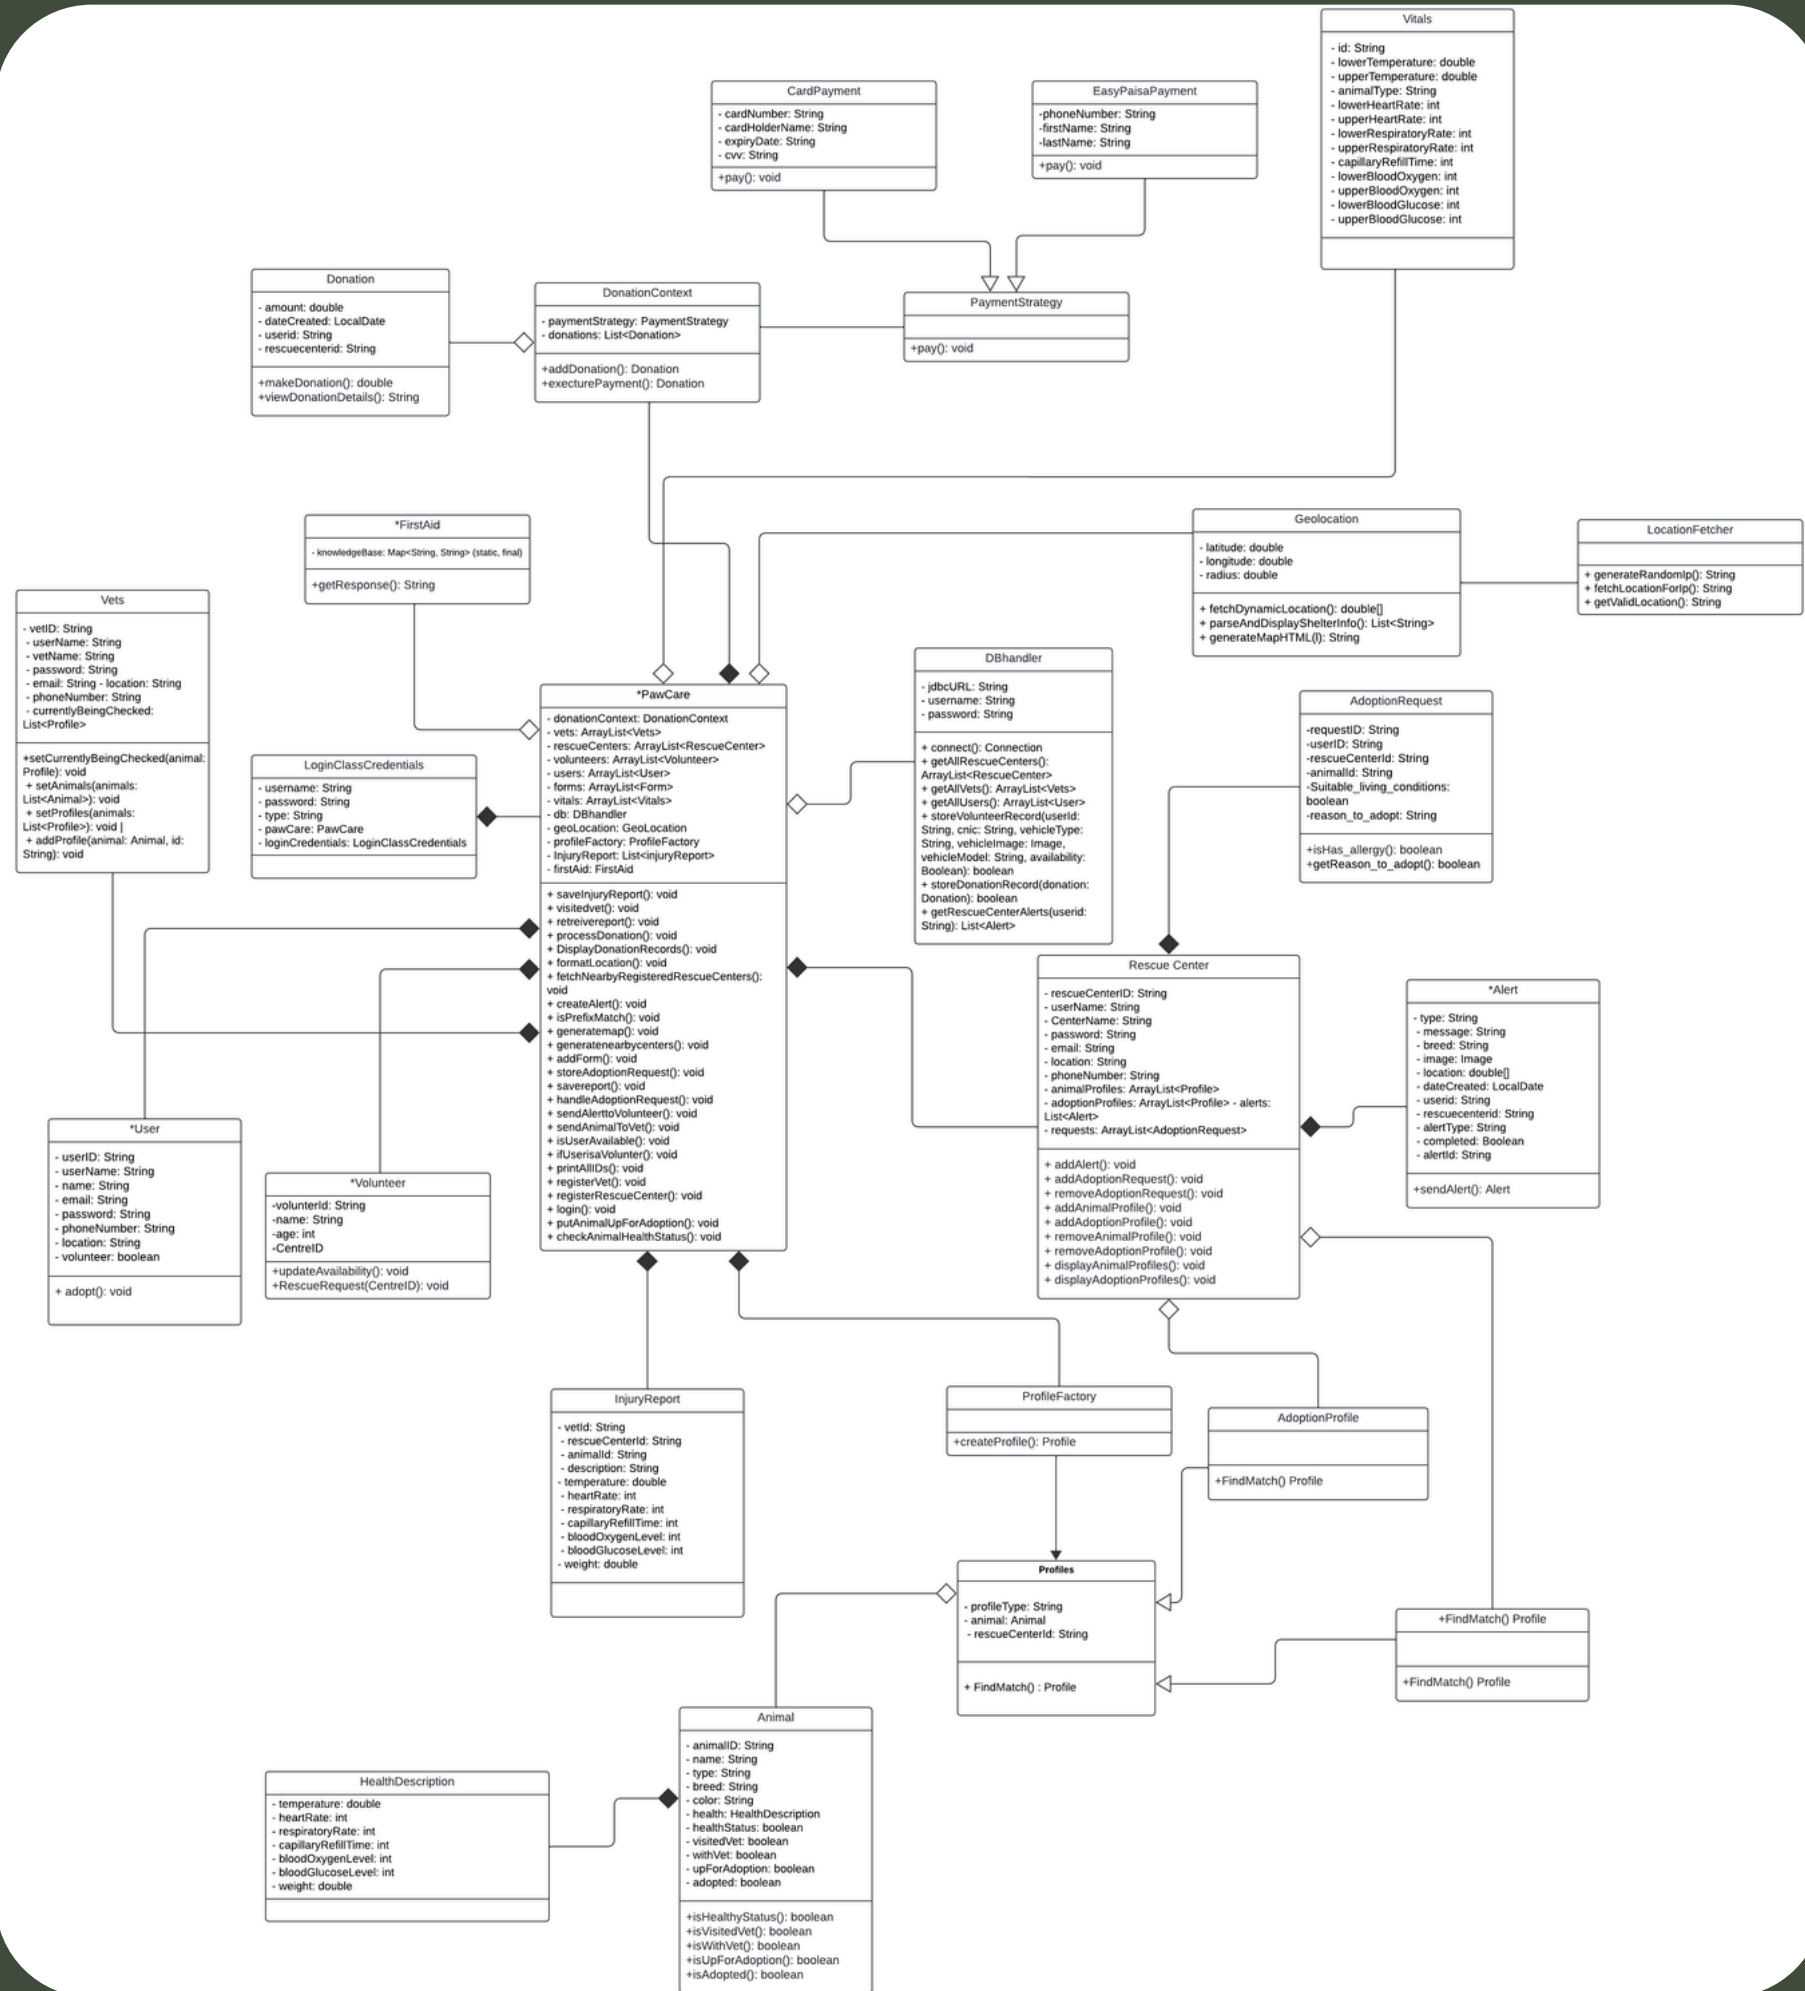

- 1. Performance Requirements**
- 2. Safety Requirements**
- 3. Security Requirements**
- 4. Software Quality Attributes**
- 5. Business Rules**
- 6. Operating Environment**
